Road Closure: Mivvik Street Paving Project Phase 3

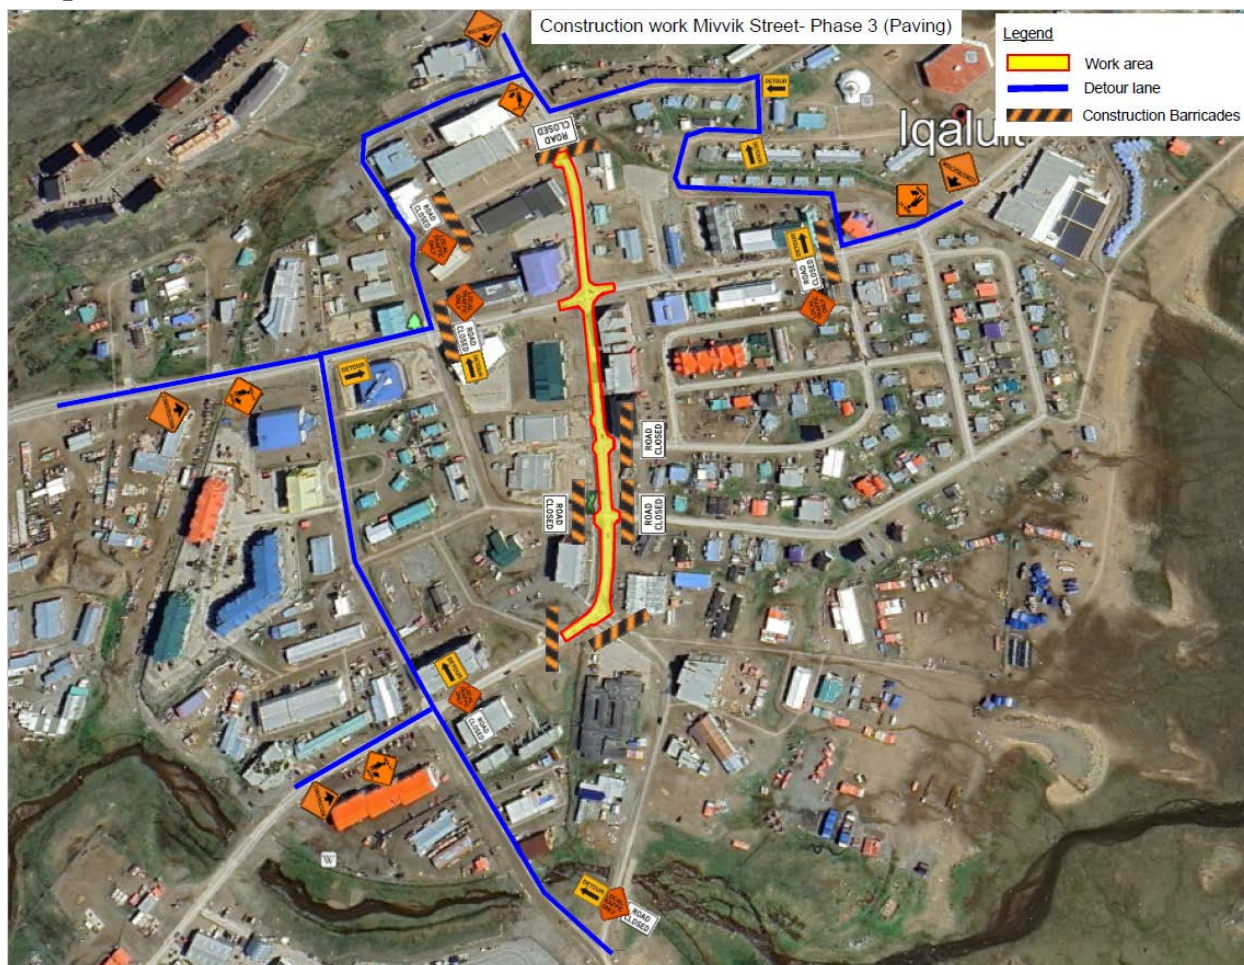

August 2, 2024 – Iqaluit, Nunavut

The City of Iqaluit would like to inform residents of a scheduled road closure on Mivvik Street from July 10, 2024, to August 10, 2024. This closure is necessary for the much-anticipated repaving of Mivvik Street, a vital infrastructure project funded through the Municipal Capital Block Funding.

The Mivvik Street Paving Project involves the complete removal and replacement of the existing pavement and road foundation over an area of 5400 square meters. This work includes excavation, disposal of old materials, the supply and installation of new granular subbase and base materials, and the application of a new hot mix pavement in two layers. This project is part of our commitment to improving the infrastructure within Iqaluit, ensuring safer and more reliable roadways for our residents.

Phase 3:

- **Start Date:** August 4, 2024
- **Completion Date:** August 10, 2024

During the closure, access to properties along Mivvik Street may be limited, and residents should anticipate minor delays. We advise residents to plan their travel routes accordingly and appreciate your understanding and cooperation as we undertake these essential improvements.
