Substantial Performance (Completion of Operations)	October 31, 2023
Completion Date	October 31, 2023

Project Name: Scrap Metal Removal

Addendum No.: 1

Clarifications

**Q1:** I have a quick question regarding Item 1 in Appendix B – Cost Submission Form of RFT 2023-RFT-047: Could you confirm that all 12 Quatrex bags contain automotive batteries? Or are there domestic, lithium, or other types of batteries as well?

**A1:** The Quatrex bags contain automotive batteries and some small batteries for emergency lights and battery back up (UPS). There are no lithium batteries in the Quatrex bags.
