General Plan and Zoning By-Law Policy Direction – HAVE YOUR SAY!

January 20, 2023 – Iqaluit, Nunavut

The City of Iqaluit is creating a new General Plan and Zoning By-law, and collectively these documents will guide how our City grows over the next 20 years.

The Proposed Vision document for the new Iqaluit General Plan is made up of six key vision statements. Each statement contains specific objectives to help us guide and monitor our actions. The Policy Direction document will provide a summary of the key planning issues and the proposed policy directions to address them.

We encourage Iqalummiut to review these documents carefully and share your feedback and ideas with our team. Your input will be crucial in helping us refine this vision before it is presented to Council.
