

PUBLIC SERVICE ANNOUNCEMENT

PLEASE ADJUST DRIVING TO ROAD CONDITIONS

NOVEMBER 29, 2018 - (IQALUIT, NUNAVUT) - The City would like to remind residents to monitor weather conditions, and adjust driving to road conditions.

During the fall and winter months, roads can become icy, and are more slippery to drive on. Residents are asked to lower their speed as well as allow for at least one car length between vehicles. Snow tires would also assist with traction.

The City continues to monitor road conditions, and will sand affected areas as required.

Please use caution, and drive carefully and appropriately for current road conditions.

The City would like to thank you for your cooperation and support.
