Residents can help keep our City clean and beautiful by following a few easy guideline.

1. Using large garbage bags
2. Max weight per bag is 20kg
3. Ensure garbage bags are tied
4. Ensure garbage bin is fully closed
4. Separate cardboard

Be aware, metal, wood, hazardous materials, batteries, liquid waste and bulky items like mattresses are not picked up by collection crews and need to be brought to the landfill.

A little planning is a simple way to make a big impact.

See following page for instructions on how to separate your waste.
# Simplifying Waste Collection & Separation

**WHAT:** All household waste, including food, cardboard products that have a plastic or wax coating, aluminum and small metal objects. No liquids, hazardous materials, batteries or large items. Bags with glass or other dangerous items must be clearly marked.  
**HOW:** Items must be placed in a large garbage bag, and tied at the end. Please don’t mix with other materials, such as cardboard, wood or metal items. Bags must weigh less than 20 kg.  
**WHERE:** Place the large garbage bags in the bin assigned to your home. Please note that items placed in smaller, white garbage or shopping bags will not be collected.

---

### YES!

**WHAT:** All *uncoated* cardboard boxes, like packaging boxes, cereal boxes, pizza boxes, will be safely burned and eventually composted.  
**HOW:** Flatten the cardboard, or place boxes inside each other  
**WHERE:** Place in your bin.

### NO!

**WHAT:** Cardboard coated with plastic, wax or aluminum, such as juice boxes, milk cartons and styrofoam containers, are not to be mixed with cardboard.  
**WHERE:** Place these items in large garbage bags, in your bin.

---

### WHAT: All wood, such as treated wood, crates, and plywood will be chipped, and untreated wood will be safely burned.  
**HOW:** Please don’t mix with other materials, such as garbage.  
**WHERE:** Wood must be dropped off at the landfill during operating hours.

---

### WHAT: construction metal, large appliances, and end-of-life vehicles.  
**HOW:** Do not include household metals.  
**WHERE:** Bulky metals must be dropped off at the landfill during operating hours.

---
