 - (c) if there are any easements affecting the lands;

- (d) if there are any environmental liability issues affecting the land; and
- (e) whether any other circumstances exist that may prevent or delay the proposed *disposal* of land.

ii. Methods for Land Disposal

12. Except as expressly provided herein, when disposing of land, the City shall make land available to *eligible applicants* by one or a combination of the following methods:
 - (a) *ballot draw*, based on the procedures outlined in Appendix ‘E’;
 - (b) *call for proposals*;
 - (c) *first-come-first-served* basis;
 - (d) *public tender* or auction; or
 - (e) when permitted by Section 13, by direct negotiation.
13. Council may authorize the *disposal* of a *parcel* without using a competitive process:
 - (a) when a *parcel* of land is required by the City, the territorial government, or the federal government;
 - (b) where the *parcel* is to be offered to a *person* for the purpose of *non-market housing*;
 - (c) to an adjoining leaseholder or *fee simple* owner where the *parcel* can only be of use to the *lessee* of that adjoining *parcel*, because of its size, location or configuration;
 - (d) to an adjoining leaseholder or *fee simple* owner where, in the opinion of council, the *lessee* could benefit from an adjoining *parcel* or unsurveyed land, provided that council shall not approve any *disposal* under this subsection without first giving written notice of its intention to consider such a request to any other immediately adjacent leaseholders. If another adjoining leaseholder also expresses an interest in the *parcel* or unsurveyed land, Council shall use its’ discretion to determine an appropriate division of land;
 - (e) where the *parcel* is to be offered to a *person* for the purpose of quarrying activities.
14. The City will generally use the following disposal methods in the circumstances described in this Section:

 - (b) for medium and high density residential *lots*, either by *call for proposals* or *first-come-first-served* basis;
 - (c) for commercial, industrial and *lots* for all other purposes, either by *call for proposals* or *first-come-first-served* basis;

- (d) for land with improvements, by *call for proposals*, *first-come-first-served* basis, auction or *public tender*;
- 15. The *first-come-first-served* method may be used for the *disposal* of low density residential *lots*:
 - (a) if there are still *lots* available after the *ballot draw* and there are no *eligible applicants*; or
 - (b) if there are few *lots* involved or it is anticipated that the demand for the *lots* will be low.
- 16. When disposing of low-density residential *lots* by *ballot draw*, the City shall grant preference of opportunity and choice to *eligible applicants* in the order established in Appendix 'E'.
- 17. Previously unimproved *parcels* (never been improved) shall not be disposed of by auction or *public tender*.
- 18. Previously improved *parcels* may be disposed of by auction, *public tender*, or any other manner permitted by this bylaw, even if the improvements have been removed before the *disposal* is approved by Council.
- 19. If a *parcel* to be disposed of includes a *City Asset*, Council shall, in the by-law authorizing *disposal* of the *parcel*:
 - (a) allocate such portion of the proceeds of *disposition* to the *City Asset* as Council may deem appropriate;

24. The advertising of vacant land by public notice is not required if:
- (a) the land is required by the City;

 - (c) the land was previously advertised and has not been disposed of.

32. When considering applications, there shall be regard for the City's General Plan and Zoning By-law.
33. The City shall, within 60 days after the receipt of a complete application, notify the applicant in writing, whether the application is approved or rejected.
34. The City may require proof that an applicant remains eligible before entering into any *disposal* agreement with the applicant.

v. Types of Land Disposal

Lease

35. Except as provided herein, all City *leases* shall be by way of *equity lease* unless Council decides, due to the unique circumstances of the *disposal*, that a *standard lease* would be a more appropriate means to *lease* a particular *parcel*. A *standard*

lease requires less ‘up front’ investment and more financial predictability related to annual costs and therefore may be a more appropriate option where Council determines that a proposed development would represent a *community benefit*.

36. A *temporary lease* shall be issued by *standard lease*, with the exception of a replacement guarantee clause, unless otherwise directed by Council.
37. The term for all *leases*, excluding *temporary leases*, shall generally be 99 years. The City may, at its discretion, enter into a *lease* of *Municipal Lands* for a shorter or longer term, based on the nature and value of the improvements to be constructed on such land.
38. The City shall not enter into a *lease* of *Municipal Lands* for a term exceeding 99 years.
39. Refer to Section J for the details of *lease* administration.

Fee Simple

40. The City shall not dispose of Municipal Lands in fee simple unless a community referendum held pursuant to Section 14.8.4 of the Nunavut Agreement grants authority to the City to do so.
41. If in accordance with Provision 40, above, the City is granted authority to dispose of lands in fee simple, Council may authorize, the transfer of the fee simple title to the lessee under an equity lease subject to the following:
 - (a) the equity lease is paid in full;
 - (b) the equity lease is otherwise in good standing; and
 - (c) the payment of a fee for the administrative costs associated with the transfer, as determined by resolution of Council, from time to time.

vi. Terms and Conditions for Disposal

42. Every *disposal* of land shall be in writing. *Disposals* by *lease* shall be by *equity lease* substantially in the form provided in Appendix ‘D’, unless the lease is a *standard lease* or *temporary lease*.

43. Residential Development

It shall be a condition of every *lease* of vacant land zoned for low-density residential development that construction of the improvements identified in the land application must begin within 18 months of the commencement date of the *lease*, and must be completed within 24 months of the commencement date of the *lease* or by the completion date required by the development permit, whichever is earlier.

44. Other Development

Unless otherwise specified in the terms of any arrangement or negotiations for the *disposal* of a particular *parcel*, it shall be condition of every *lease* of vacant land

- for any purpose other than low-density residential development that construction of the improvements must begin within 36 months of the commencement date of the *lease* and must be completed within 48 months of the commencement date of the *lease*.
45. The *lease* or *disposition* agreement will address any failure to meet the conditions of *disposal*, which may include agreement cancellation, penalty or reversion of land to the City.
46. Council may allow a maximum extension of 12 months to either the construction commencement or completion term and may request any of the following in considering an extension:
- (a) payment of the application fees described in the City's *Consolidated Fees By-law*;
 - (b) written explanation for the delay in construction, including evidence that reasonable diligence was used to meet the construction requirements;
 - (c) written plan to complete construction within the extension period including a Development Permit application or Building Permit application, if applicable;
 - (d) proof of approved financing to complete the improvements; or
 - (e) payment of any outstanding debts to the City, other than amounts owing that are not then in arrears.
47. The City may impose any conditions it deems appropriate as a condition of the extension, including a requirement that the applicant pay a penalty in an amount set by Council, not to exceed ten percent (10%) of the *parcel price*.

vii. Land Inventory

48. The City shall maintain an inventory of all lands that have been approved for *disposal*. The information in the inventory shall include:
- (a) the full legal description of the available *parcels* and their location;
 - (b) when no legal description is available a sketch, drawn to scale, identifying the size and location of the *parcels*;
 - (c) the *total lease cost*, including *parcel price*, and administration charges and *off-site levies*, if any;
 - (d) the conditions of *disposal*; and
 - (e) a record of pending *disposals*
- and shall be updated monthly.
49. The inventory shall be available to the public for reference at the City office during normal business hours
50. The City may reserve lands by by-law for the existing or future requirements of the City, for conservation measures, for the use of the federal government or the

territorial government, or for organizations requiring *lots* for *non-market housing*. Reserved lands will not be available for *disposal* while the by-law remains in effect.

F. PRICING OF LAND

51. The price of *old parcels* and *new parcels* shall generally be based on *market value*, unless at the discretion of Council, *development cost*, *replacement cost*, *assessed value*, or other method of pricing is more appropriate to address unique circumstances or achieve a specific objective. Some examples where Council may choose not to use *market value* may include:
- (a) if a *parcel's market value* is difficult to determine, *development cost*, *replacement cost* or *assessed value* may be used;
 - (b) if a *parcel's market value* is lower than the *development cost* (including *site specific factors*), *development cost* or *replacement cost* may be used to recapture the cost of land development;
 - (c) if a *parcel's market value* is higher, *development cost*, *replacement cost* or *assessed value* may be used to dispose of land efficiently;
 - (d) if Council wishes to reduce the price of a *parcel* to support a proposed development that will represent a *community benefit*, the *market value* of a *new parcel* may be reduced by up to 25 % and the market value of an *old parcel* may be reduced by up to 30%.
52. If a *new parcel* was developed through financing from the territorial government, the written approval of the Minister shall be required to reduce the price for that *parcel* below the recovery of *development costs*, plus or minus adjustments for *site specific factors*.
53. For *temporary leases* or *standard leases* of a *new parcel* or *old parcel*, the annual lease charge shall not be more than ten percent (10%) of the price of that *new parcel* or *old parcel*.
54. For greater certainty, Goods and Services Tax or other taxes payable by a *lessee*, if any, shall be in addition to the *total lease costs* determined under this bylaw.

G. OFF-SITE LEVIES

55. The City may collect a surcharge above the *parcel price* to recover capital costs related to the following:
- (a) new or expanded facilities for the storage, transmission, treatment or supply of water;
 - (b) new or expanded facilities for the treatment, movement or *disposal* of sewage;
 - (c) new or expanded storm sewer drainage facilities;

- (d) cemeteries;
 - (e) recreational facilities;
 - (f) waste disposal sites;
 - (g) new or expanded roadways and sidewalks; and
 - (h) land required for, or in connection with any of the facilities described in this section.
56. The City shall not include, as part of the calculation of an *off-site levy*, any capital costs paid for by GN capital grants or contributions.
57. The amount of the *off-site levy* may be a fixed amount payable for each *lot* in an area or may be based on other measurable criteria such as frontage, *parcel* area, building density and land use. The criteria shall be approved by resolution of Council.
58. The City shall clearly identify to the public that the levy is a surcharge above the *parcel price* and separate from any other fees or charges.
59. The City may allow the *amortization* of the *off-site levy*.
60. The City shall place all *off-site levy* revenues in a separate account to be used for the purpose for which the levy was intended.

H. LAND DEVELOPMENT FUND

61. Except as expressly provided herein, revenues received from the *disposal* of land and from funding received for projects relating to community planning and *land development* (except *off-site levies*) shall be deposited into a special account known as the Land Development Fund.
62. The City shall use the Land Development Fund for the sole purpose of acquiring and developing land, which shall include:

65. The City may impose *off-site levies* to assist with all or part of the capital cost for municipal infrastructure or land required to service the development, as outlined in Section G.
66. The *disposal* agreement between the City and the *private developer* may at the discretion of the Director of Planning and Development, include as an attachment a Plan of Subdivision or Development Agreement. The *disposal* agreement shall, at a minimum:

J. LEASE ADMINISTRATION

i. Equity Leases

67. All *equity leases* shall normally provide for:
- (a) ninety-nine (99) years;
 - (b) reduction of lease payment to a nominal fee of one dollar (\$1.00) per annum upon full payment of the *total lease cost*;
 - (c) an administrative fee for the transfer of fee simple title;
 - (d) terms dealing with partial repayment by the City on the principal paid by the *lessee* in the event of the *surrender* or cancellation of the *lease*;

- (f) allowing a *lessee* to make advance payments of *total lease cost* not yet due without penalty.
68. The City may allow the *lessee* to pay the *parcel price* by installments.
69. In the case the *lessee* chooses to pay the *parcel price* by installments:
- (a) the payment of the *total lease cost*, shall be calculated on the basis of a fifteen (15) year *amortization period* commencing on the date the *lease* comes into effect;
- (b) the *lessee* must pay a non-refundable 10% deposit of the *parcel price*, plus the first quarterly payment, at the time of execution of the *lease*; and
- (c) the *lessee* will be invoiced quarterly with the sum of payments being equivalent to an interest rate of 10% per annum, compounded quarterly (10.3813% annual percentage rate), provided that, if permitted by the *lease*, the interest rate payable may be adjusted to such rate as may be set by council from time to time.
70. Notwithstanding the above, government and its agencies shall be required to pay the *lease* in full at the time of signing of the *lease*.

ii. Standard Leases

71. All *standard leases* shall generally provide for an initial term of ninety-nine (99).
72. *Standard leases* shall only be used if Council decides, due to the unique circumstances of the *disposal*, that it would be the most appropriate means to *lease* a particular *parcel*. Refer to Section 35 for more information.
73. *Standard leases* shall include a rental adjustment clause permitting the rental to be changed every five years to a rental established by Council from time to time, not to exceed 10% of the then *assessed value* of the *property* (excluding improvements on the land).
74. *Standard leases* shall include provisions allowing Council to terminate the *lease* under the following circumstances:
- (a) if the *parcel* is *abandoned*; or
- (b) if the improvements on the *parcel* are demolished, extensively damaged, or destroyed and the *lessee* does not repair, rebuild or replace the improvements within 24 months of the date of *abandonment*, damage, demolition, or destruction; or
- (c) if the intended use of the land changes.

iii. Temporary Leases

75. The City may enter into a *temporary lease* to accommodate a temporary use by granting a short-term interest in *Municipal Lands*.
76. *Temporary leases* shall be substantially the same form as *standard leases* with such changes as the circumstances require.

iv. Extension and Renewal of Leases

77. The City may approve extensions or renewals of *leases* on terms consistent with this By-law and subject to the following:
- (a) *lease* cost owing to the City must be paid in full;
 - (b) any taxes and financial charges owing to the City must be paid in full;
 - (c) the lease is otherwise in good standing;
 - (d) proof of ownership of improvements; and
 - (e) satisfactory completion of improvements.
78. Extensions or renewals to all existing equity *leases* shall be granted upon the date their current *lease* expires for a term that provides that the total of the initial term and any subsequent or extensions shall not exceed ninety-nine (99) years.
79. Extensions or renewals to existing *standard leases* shall not be granted until the *standard lease* is converted to an *equity lease*, unless Council decides due to the unique circumstances, that a *standard lease* remains the most appropriate means to *lease* land.
80. A *temporary lease* may only be renewed by a resolution of Council.

v. Transfer of Lease/Mortgage Consent

81. Consent to a mortgage or *transfer of lease* may be refused by the City if:
- (a) the existing *lease* is not in good standing;
 - (b) the *lessee* is in arrears in *lease* payments;
 - (c) the *lessee* is more than 30 days in arrears on any other amount owing to the City;
 - (d) there is a default under existing development permits or building permits relating to the *property*, if any; and
 - (e) proof of ownership of improvements is not provided if requested.
82. The City shall not consent to a *transfer of lease*, unless:
- (a) in the case of residential development, the improvement has been constructed to the point where the exterior of the building is complete and the interior framing is complete;

- (b) in the case of other development, an occupancy permit has been issued, or in the case where an occupancy permit is not required, work representing at least 75% of the total value of the improvements has been completed;
 - (c) the Director of Planning and Development has waived the completion requirements described in (a) and (b) above due to special circumstances.
83. If either the *lessee* or the proposed transferee:
- (a) is in arrears for more than 30 days in any amount owed to the City;
 - (b) is in default under the *lease* or any other *lease* with the City; or
 - (c) does not otherwise meet the requirements of Sections 81 and 82;
- The City may withhold consent until it is satisfied that arrangements have been made to pay the outstanding amounts or to correct the obligation that is in default.
84. Transfers of existing *standard leases* shall not be granted until the *standard lease* is converted to an *equity lease* unless Council decides, due to the unique circumstances, that a *standard lease* remains the most appropriate means to *lease* land.
85. A non-refundable fee, as established in the Fee and Charges By-law, must accompany all requests.

vi. Conversion from Standard Lease to Equity Lease

86. A *standard lease* may be converted to an *equity lease* at the request of the *lessee*.
87. If a *standard lease* for any use other than low-density residential development is to be converted to an *equity lease*, the *total lease cost* shall be the *market value* or appraised value of the *parcel*.
88. When converting from a *standard lease* used for low-density residential development to an *equity lease*, the City will apply the following formula to determine the *parcel price* of the *equity lease*:

vii. Termination of Lease

89. Council may terminate a *lease* if a *lessee* breaches any of the terms and conditions of its *lease*, in particular, the terms relating to:
- (a) payment of *lease* payments;

- (b) payment of *property* taxes;
 - (c) payment of any other City accounts;
 - (d) repair or replacement of *abandoned* improvements;
 - (e) repair or replacement of improvements demolished, or damaged or destroyed by fire or other cause; and
 - (f) the construction of improvements that are required by the *lease*.
90. All correspondence relating to the breach of terms and conditions of a *lease* and the termination of a *lease* must be either hand delivered or delivered by registered mail.
91. Before Council terminates a *lease*, it shall notify the *lessee* by both registered mail and by hand delivery as follows:
- (a) a notice, signed by the Mayor and copied to the CAO, shall inform the *lessee* of the breach, advise the *lessee* on how to resolve the breach, and allow thirty (30) days or such longer period as may be specified in the notice for the *lessee* to resolve the breach;
 - (b) if, upon expiry of the notice period, the *lessee* still has not resolved the breach, the City shall issue a notice, signed by the Mayor and copied to the CAO, advising that the *lease* will be terminated in not less than ninety (90) days to:
 - i. the *lessee*; and
 - ii. in the case there is a mortgage registered against the *property*, the City shall also notify the *lender*, as required in the consent to mortgage document.
92. All notices of termination of *lease* must give to the *lessee* forty-five (45) days to vacate the *parcel*.
93. a) The termination of a *lease* shall not prejudice the City's right to unpaid rental, *property* taxes, or any other right with respect to the breach of any covenant or agreement entered into with a *lessee*.
- b) For greater certainty, if the City terminates an equity lease, the City shall pay the amount that would have been payable on a surrender of the lease, less:
- i. any outstanding rental payments,
 - ii. any outstanding property taxes or municipal services,
 - iii. any other amounts owing to the City with respect to the leased lands,
 - iv. costs incurred or expected to be incurred to restore the land to the condition required by the lease,

- vi. an administration fee of 2.5% of the equity lease amount for the City's personnel and overhead costs in relation to the termination of the lease.

viii. Surrender of Lease

- 94. To *surrender a lease* a *lessee* must submit a request in writing to the City.
- 95. A *lessee* cannot *surrender a lease* without the written consent of the City.
- 96. The City shall not be obligated to accept a *surrender of lease*, unless:
 - (a) the *parcel* is restored to its original condition, or in a condition satisfactory to the City;
 - (b) any financial costs incurred by the City in restoring the *parcel* back to its original condition, or a condition acceptable to the City, are paid;
 - (c) the taxes for that *parcel* are current;
 - (d) all accounts with the City held by the *lessee* are current;
 - (e) the leasehold title is *surrendered*; and
 - (f) the *lessee* must deliver to the City the duplicate *lease* where one exists.
- 97. When a *surrender* of an *equity lease* is duly executed by the *lessee* and the City, the *lessee* shall be eligible for a refund of equity, the total of which will be less the non-refundable deposit of ten per cent (10%) of the *parcel price* established in the *lease*, and any interest and carrying charges for the term that the *lease* was effective, subject to the following:
 - (a) the *lot* is restored to its original condition, or in a condition satisfactory to the City;
 - (b) any financial costs incurred by the City in restoring the *lot* back to its original condition, or a condition acceptable to the City, are paid;

K. ENCROACHMENT AND EASEMENT AGREEMENTS

101. A request for an agreement shall be made in the form specified by the Director of Planning and Development, contain all of the information requested and include the application fee established in the City's Fees and Charges By-law from time to time.
102. Applications will be reviewed and approved by the Director of Planning and Development, unless he/she deems that approval by Council is desirable.
103. Encroachments, obstructions or nuisances on Municipal Land may be removed if an agreement is not in place.

L. LAND USE PERMITS

104. Council may by resolution grant a *land use permit* to authorize a *person* to use titled *Municipal Lands* for a specific purpose for a period not to exceed three years.
105. Council may by resolution specify the duration, the amount to be paid to the City, and other terms of the *land use permit*.

APPENDIX D: SAMPLE LEASE TEMPLATE

DUPLICATE ORIGINAL LEASE

Lease no. XXXXX

City of Iqaluit

Lease # XXXXXX

File # XXXXX

The **Municipal Corporation of the City of Iqaluit** (the “City”) being (or entitled to be) registered owner of an estate in fee simple subject to the encumbrances and interests provided by law, of land described as follows:

Lot XX
Block XX,
Plan XXXX,
Iqaluit

leases to **XXXXX** (the “Lessee”), of the City of Iqaluit, in Nunavut, all its estate and interest in the land to be held by the Lessee, as tenant, commencing the **1st day of XXX, 20XX** for a term of **Ninety-nine (99) years**, at a total rent of XXXX (XXX) (“the Total Rent”), less an equity payment received in the amount of XXXX Thousand, XXX Hundred XXX Dollars and XXX Cents (\$XXXX), leaving a balance owing of XXXX (\$XXXX) (“the Rent Outstanding”) to be paid to the City in full upon execution of this lease or by regular payments as outlined in Clause no. 2 and subject to Clause no. 6, and subject to the following terms and conditions, and the reservations, exceptions, terms and conditions provided or implied at law.

THE PARTIES COVENANT AND AGREE AS FOLLOWS:

PAYMENT

1. The **Lessee** has elected to amortize the Rent Outstanding with interest at a rate of ten percent (10%) per annum, compounded quarterly (10.3813% annual percentage rate), payable by [quarterly] instalments of XXXX (\$XXXX) each. The Lessee may choose to pay out the unamortized principal balance of the Rent Outstanding at any time during the term of this lease without notice, bonus or penalty. Upon request the City shall provide to the Lessee in writing the payout amount together with details supporting the calculation. The Lessee shall during the said term, pay the said rental and all taxes, rates and assessments charged upon the land or upon the Lessee in respect thereof.

ADJUSTMENT OF INTEREST RATE

2. The City may adjust the interest rate payable on the unpaid rental on the 5th anniversary of the commencement of this lease and on each 5-year anniversary thereafter. The interest rate payable shall be the rate then established by municipal

bylaw for interest rates payable on equity leases. If no such bylaw is then in force, the interest rate set forth above shall continue in effect.

LATE PAYMENT FEE

3. Where any rental payment is outstanding longer than 30 days past its due date, the **Lessee** shall pay a late payment fee of 1.0% per month, compounded annually (12% annual percentage rate), or at such other rate as may be specified by bylaw passed by the City from time to time.

EQUITY

4. Upon receipt of payment in full of the Total Rent, including any interest owing, the annual lease rental will be reduced to one (\$1.00) dollar per annum for the balance of the term.

TRANSFER OF TITLE

5. The City has advised the Lessee that Article 14 of the Nunavut Agreement presently prevents the City from transferring fee simple title in the land to the Lessee. It is the intention of the parties hereto that the City transfer such fee simple title to the Lessee once this restriction ceases to apply. Accordingly, if, at any time during the term of this lease or any renewals or extensions thereof, the City is no longer restricted by Article 14 of the Nunavut Agreement from transferring fee simple title in the land, and there are no other legal impediments to doing so, and the **Lessee** has made payment in full of the "total rent", including any interest owing, fee simple title to the land shall, as soon as reasonably possible, be transferred by the City to the Lessee without the Lessee being required to pay any additional consideration other than such reasonable administration fee as the City may establish by bylaw from time to time for the preparation and execution of a transfer of the fee simple interest. The fee simple estate shall be free and clear of any financial encumbrances, but subject to any equities or encumbrances chargeable to the Lessees. The fee simple estate may be subject to non-financial registrations or statutory rights such as easements, utility rights of way and consents that are normally found registered against property of this nature and which do not affect the use, value or marketability of the property.

REFUND OF EQUITY

6. If this lease is *surrendered* with the consent of the City, rental paid by the **Lessee** shall be refunded in accordance with the provisions of the City's Land Administration By-Law in effect from time to time.

BOUNDARIES

7. The City is not responsible for the establishment on the ground of the boundaries

LAND USE

8. The **Lessee** shall use the land for residential purposes only or such other use as may be permitted by the Zoning Bylaw, as amended from time to time.

CONSTRUCTION OF IMPROVEMENTS

9. The **Lessee** shall construct the following improvements on the land: a XXX that has a market value of not less than XXX. Construction of the improvements shall commence within XXXXX (XX) months of the effective date of this lease, and shall be completed within XXXXXX (XX) months of the effective date of this lease.

BREACH OF CONSTRUCTION OBLIGATIONS

10. The **City** may terminate this lease for failure to commence or complete construction of the improvements within the time required by Clause 9 of this lease or for failure to conform to local bylaws, construction standards or regulations applicable to the construction of such improvements.

EXISTING IMPROVEMENTS

11. The **Lessee** shall maintain the existing improvements now situated on the land, and any improvements which may be constructed on the land, in a manner and condition satisfactory to the City.

REMOVAL OF IMPROVEMENTS

12. If before the expiry of this lease the **Lessee** removes 50% or more of the improvements, excluding site development, placed on the land by the Lessee or its predecessors in leasehold title, without the written consent of the City, the City may, upon sixty (60) days' notice, terminate this lease without compensation, notwithstanding the provisions of Clause 22 hereof.

DAMAGE OR DESTRUCTION OF IMPROVEMENTS

13. If the improvements on the land are damaged by fire or other cause to the extent that the improvements cannot be occupied, the Lessee shall proceed with diligence to repair or rebuild the improvements. If:
- a) the improvements are not repaired or rebuilt within 36 months of the date of such damage or destruction to the point where the improvements may again be occupied; and
