74. Standard leases shall include a rental adjustment clause permitting the rental to be changed every five years to a rental established by Council from time to time, not to exceed 10% of the then assessed value of the property (excluding improvements on the land).

75. Standard leases shall include provisions allowing Council to terminate the lease if the parcel is not developed, is abandoned, or if the improvements on the parcel are demolished, extensively damaged, or destroyed and the lessee does not repair, rebuild or replace the improvements within 36 months of the date of abandonment, damage, demolition, or destruction.

iii. **Temporary Leases**

76. The City may enter into a temporary lease to accommodate a temporary use by granting a short-term interest in Municipal Lands.

77. Temporary leases shall be substantially the same form as standard leases with such changes as the circumstances require.

iv. **Extension and Renewal of Leases**
The City may approve extensions or renewals of leases on terms consistent with this by-law and subject to the following:

(a) lease cost owing to the City must be paid in full;
(b) any taxes and financial charges owing to the City must be paid in full;
(c) the lease is otherwise in good standing;
(d) proof of ownership of improvements; and
(e) satisfactory completion of improvements.

Extensions or renewals to existing standard leases shall not be granted until the standard lease is converted to an equity lease, unless Council decides due to the unique circumstances, that a standard lease remains the most appropriate means to lease land.

A temporary lease may be renewed from time to time, but the initial term and any renewals shall not exceed 10 years in total unless authorized by a resolution of Council.

v. Transfer of Lease/Mortgage Consent

Consent to a mortgage or transfer of lease may be refused by the City if:

(a) the existing lease is not in good standing;
(b) the lessee is in arrears in lease payments;
(c) the lessee is more than 30 days in arrears on any other amount owing to the City;
(d) there is a default under existing development permits or building permits relating to the property, if any; and
(e) proof of ownership of improvements is not provided if requested.

The City shall not consent to a transfer of lease, unless:

(a) in the case of residential development, the improvement has been completed to the point where the exterior of the building is substantially complete and closed in to protect the improvement from weather;
(b) in the case of other development, an occupancy permit has been issued or work representing at least 75% of the total value of the improvements has been completed,

provided, however, that the Director of Planning & Development may grant a waiver for special circumstances.

If either the lessee or the proposed transferee:

(a) is in arrears for more than 30 days in any amount owed to the City;
(b) is in default under the lease or any other lease with the City; or
(c) does not otherwise meet the requirements of sections 81 and 82;
the City may withhold consent until it is satisfied that arrangements have been
made to pay the outstanding amounts or to correct the obligation that is in default.

84. Transfers of existing standard leases shall not be granted until the standard lease
is converted to an equity lease unless Council decides, due to the unique
circumstances, that a standard lease remains the most appropriate means to lease
land.

85. A non-refundable fee, as established in the Fee and Charges By-law, must
accompany all requests.

vi. Conversion from Standard Lease to Equity Lease

86. A standard lease may be converted to an equity lease at the request of the lessee.

87. If a standard lease for any use other than low-density residential development is
to be converted to an equity lease, the total lease cost shall be the market value or
appraised value of the parcel.

88. When converting from a standard lease used for low-density residential
development to an equity lease, the City will apply the following formula to
determine the parcel price of the equity lease:

\[
\text{Parcel price of the equity lease} = (\text{The value of the parcel according to the most current Tax Assessment Roll} - \text{A discount factor of } 2.5\% \times \text{age of lot, to a max of } 50\% \text{ of the duration in years of the standard lease})
\]

vii. Termination of Lease

89. Council may terminate a lease if a lessee breaches any of the terms and conditions
of its lease, in particular, the terms relating to:

(a) payment of lease payments;

(b) payment of property taxes;

(c) payment of any other City accounts;

(d) repair or replacement of abandoned improvements;

(e) repair or replacement of improvements demolished, or damaged or destroyed
by fire or other cause; and

(f) the construction of improvements that are required by the lease.
90. All correspondence relating to the breach of terms and conditions of a lease and the termination of a lease must be either hand delivered or delivered by registered mail.

91. Before Council terminates a lease it shall notify the lessee by registered mail as follows:
   (a) a notice, signed by the Mayor and copied to the CAO, shall inform the lessee of the breach, advise the lessee on how to resolve the breach, and allow thirty (30) days or such longer period as may be specified in the notice for the lessee to resolve the breach;
   (b) if, upon expiry of the notice period, the lessee still has not resolved the breach, the City shall issue a notice, signed by the Mayor and copied to the CAO, advising that the lease will be terminated in not less than ninety (90) days to:
      i. the lessee; and
      ii. in the case there is a mortgage registered against the property, the City shall also notify the lender, as required in the consent to mortgage document.

92. All notices of termination of lease must give to the lessee forty-five (45) days to vacate the parcel.

93. The termination of a lease shall not prejudice the City’s right to unpaid rental, property taxes, or any other right with respect to the breach of any covenant or agreement entered into with a lessee.

viii. Surrender of Lease

94. To surrender a lease a lessee must submit a request in writing to the City.

95. A lessee cannot surrender a lease without the written consent of the City.

96. The City shall not be obligated to accept a surrender of lease, unless:
   (a) the parcel is restored to its original condition, or in a condition satisfactory to the City;
   (b) any financial costs incurred by the City in restoring the parcel back to its original condition, or a condition acceptable to the City, are paid;
   (c) the taxes for that parcel are current;
   (d) the leasehold title is surrendered; and
   (e) the lessee must deliver to the City the duplicate lease where one exists.

97. When a surrender of an equity lease is duly executed by the lessee and the City, the lessee shall be eligible for a refund of equity, the total of which will be less the non-refundable deposit of ten per cent (10%) of the parcel price established in the lease, and any interest and carrying charges for the term that the lease was effective, subject to the following:
(a) the *lot* is restored to its original condition, or in a condition satisfactory to the City;

(b) any financial costs incurred by the City in restoring the *lot* back to its original condition, or a condition acceptable to the City, are paid;

(c) the taxes for that *lot* are current;

(d) the leasehold title is surrendered; and

(e) the *lessee* must deliver to the City the duplicate *lease* where one exists.

98. When a surrender of a *standard lease* is duly executed by the *lessee* and the City, the *lessee* shall not be eligible for any refund.

99. For greater certainty, off-site levies shall not be refundable under any circumstances.

K. **ENCROACHMENT AND EASEMENT AGREEMENTS**

100. The City may enter into agreements for encroachments, easements and other similar non-possessory uses of land at its discretion, as deemed necessary or appropriate.

101. A request for an agreement shall be made in the form specified by the Director of Planning and Development, contain all of the information requested and include the application fee established in the City’s Fees and Charges By-law from time to time.

102. Applications will be reviewed and approved by the Director of Planning and Development, unless he/she deems that approval by Council is desirable.

103. Encroachments, obstructions or nuisances on Municipal Land may be removed if an agreement is not in place.

L. **LAND USE PERMITS**

104. Council may by resolution grant a *land use permit* to authorize a person to use Municipal Lands for a specific purpose for a period not to exceed three years.

105. Council may by resolution specify the duration, the amount to be paid to the City, and other terms of the *land use permit*.

106. A *land use permit* may grant exclusive or non-exclusive use of a parcel.

107. A *land use permit* shall prohibit the licensee from making permanent improvements on the *parcel*.

108. A *land use permit* shall not be transferable.

109. A licensee may apply to renew a *land use permit* by making a new application.
M. QUARRY MANAGEMENT AND PERMITS

110. Upon signing a Quarry Administration Agreement with the Commissioner of Nunavut, and/or upon a quarry being surveyed and fee simple title ownership being raised in the name of the City, the City may upon receipt of a quarry application issue quarry permits for the use of the quarry site.

111. All quarry fees (excluding royalties) collected shall be placed into a separate financial account and shall be used for the sole purpose of quarry development, operation, maintenance, administration and restoration.

APPENDIX D: SAMPLE LEASE TEMPLATE
The Municipal Corporation of the City of Iqaluit (the “City”) being (or entitled to be) registered owner of an estate in fee simple subject to the encumbrances and interests provided by law, of land described as follows:

Lot XX  
Block XX,  
Plan XXXX,  
Iqaluit

leases to XXXXX (the “Lessee”), of the City of Iqaluit, in Nunavut, all its estate and interest in the land to be held by the Lessee, as tenant, commencing the 1st day of XXX, 20XX for a term of Thirty (30) years, at a total rent of XXXX (XXX) (“the Total Rent”), less an equity payment received in the amount of XXXX Thousand, XXX Hundred XXX Dollars and XXX Cents ($XXXX), leaving a balance owing of XXXX ($XXXX) (“the Rent Outstanding”) to be paid to the City in full upon execution of this lease or by regular payments as outlined in Clause no. 2 and subject to Clause no. 6, and subject to the following terms and conditions, and the reservations, exceptions, terms and conditions provided or implied at law.

THE PARTIES COVENANT AND AGREE AS FOLLOWS:

PAYMENT

1. The Lessee has elected to amortize the Rent Outstanding with interest at a rate of ten percent (10%) per annum compounded quarterly, payable by [quarterly] instalments of XXXX ($XXXX) each. The Lessee may choose to pay out the unamortized principal balance of the Rent Outstanding at any time during the term of this lease without notice, bonus or penalty. Upon request the City shall provide to the Lessee in writing the payout amount together with details supporting the calculation. The Lessee shall during the said term, pay the said rental and all taxes, rates and assessments charged upon the land or upon the Lessee in respect thereof.

ADJUSTMENT OF INTEREST RATE

2. The City may adjust the interest rate payable on the unpaid rental on the 5th anniversary of the commencement of this lease and on each 5 year anniversary thereafter. The interest rate payable shall be the rate then established by municipal bylaw for interest rates payable on equity leases. If no such bylaw is then in force,

INITIALS__________________
the interest rate set forth above shall continue in effect.

LATE PAYMENT FEE

3. Where any rental payment is outstanding longer than 30 days past its due date, the Lessee shall pay a late payment fee of 1.0% per month, compounded annually, or at such other rate as may be specified by bylaw passed by the City from time to time.

EQUITY

4. Upon receipt of payment in full of the Total Rent, including any interest owing, the annual lease rental will be reduced to one ($1.00) dollar per annum for the balance of the term.

TRANSFER OF TITLE

5. The City has advised the Lessee that Article 14 of the Nunavut Agreement presently prevents the City from transferring fee simple title in the land to the Lessee. It is the intention of the parties hereto that the City transfer such fee simple title to the Lessee once this restriction ceases to apply. Accordingly, if, at any time during the term of this lease or any renewals or extensions thereof, the City is no longer restricted by Article 14 of the Nunavut Agreement from transferring fee simple title in the land, and there are no other legal impediments to doing so, and the Lessee has made payment in full of the "total rent", including any interest owing, fee simple title to the land shall, as soon as reasonably possible, be transferred by the City to the Lessee without the Lessee being required to pay any additional consideration other than such reasonable administration fee as the City may establish by bylaw from time to time for the preparation and execution of a transfer of the fee simple interest. The fee simple estate shall be free and clear of any financial encumbrances, but subject to any equities or encumbrances chargeable to the Lessees. The fee simple estate may be subject to non-financial registrations or statutory rights such as easements, utility rights of way and consents that are normally found registered against property of this nature and which do not affect the use, value or marketability of the property.

REFUND OF EQUITY

6. If this lease is surrendered with the consent of the City, rental paid by the Lessee shall be refunded in accordance with the provisions of the City’s Land Administration By-Law in effect from time to time.

BOUNDARIES

7. The City is not responsible for the establishment on the ground of the boundaries of the land.
LAND USE

8. The Lessee shall use the land for residential purposes only or such other use as may be permitted by the Zoning Bylaw, as amended from time to time.

CONSTRUCTION OF IMPROVEMENTS

9. The Lessee shall construct the following improvements on the land: a XXX that has a market value of not less than XXX. Construction of the improvements shall commence within XXXXX (XX) months of the effective date of this lease, and shall be completed within XXXXXXX (XX) months of the effective date of this lease.

BREACH OF CONSTRUCTION OBLIGATIONS

10. The City may terminate this lease for failure to commence or complete construction of the improvements within the time required by Clause 9 of this lease or for failure to conform to local bylaws, construction standards or regulations applicable to the construction of such improvements.

EXISTING IMPROVEMENTS

11. The Lessee shall maintain the existing improvements now situated on the land, and any improvements which may be constructed on the land, in a manner and condition satisfactory to the City.

REMOVAL OF IMPROVEMENTS

12. If before the expiry of this lease the Lessee removes 50% or more of the improvements, excluding site development, placed on the land by the Lessee or its predecessors in leasehold title, without the written consent of the City, the City may, upon sixty (60) days’ notice, terminate this lease without compensation, notwithstanding the provisions of Clause 24 hereof.

DAMAGE OR DESTRUCTION OF IMPROVEMENTS

13. If the improvements on the land are damaged by fire or other cause to the extent that the improvements cannot be occupied, the Lessee shall proceed with diligence to repair or rebuild the improvements. If:
   a) the improvements are not repaired or rebuilt within 36 months of the date of such damage or destruction to the point where the improvements may again be occupied; and
   b) the Lessee is not then proceeding with diligence to complete such repairs or reconstruction,
then the City may terminate this lease in the manner set forth in Clause 24.
ABANDONMENT OF IMPROVEMENTS

14. The City may terminate this lease if the Lessee causes improvements on the property to be boarded up or otherwise allows the improvements to remain unoccupied for any period in excess of 36 months without the written consent of the City.

LAND FILL

15. On the termination of this lease, the Lessee may sever and remove from the land all structures, fixtures, and improvements, belonging to the Lessee, saving and except any land fill (whether in the form of soil, topsoil, sand, gravel, rock, crushed rock, glacial till, concrete, asphalt, or any combination thereof).

RESTORATION

16. On the termination of this lease, the Lessee shall deliver up possession of the land in a condition satisfactory to the City.

EASEMENTS

17. The City may, where it deems it necessary in the public interest, establish easements through, under or over any portion of the land for any public utility purpose, but said easements shall not unreasonably interfere with the rights granted to the Lessee hereunder or with any improvements made by the Lessee on the land.

ROAD WIDENING AND OTHER MUNICIPAL REQUIREMENTS

18. The City may, where it deems it necessary in the public interest for the purpose of widening roads or completing other municipal services, amend the lease to remove a portion of the land leased to the Lessee. Any such amendments shall not unreasonably interfere with the rights granted to the Lessee hereunder or with any improvements made by the Lessee on the land. All City of Iqaluit administration costs associated with amending the lease shall be borne by the City.

ACCESS

19. The City or any person authorized by the City may at all reasonable times, on reasonable notice and in a reasonable manner, enter upon the land for the purpose of examining the condition thereof.

ENVIRONMENT

20. Notwithstanding anything herein to the contrary, the Lessee shall, at all times, keep the land in a condition in compliance with City By-Laws and any provision at law having application.
REPLACEMENT GUARANTEE

21. If the Lessee duly performs and observes all the covenants and agreements herein, on the part of the Lessees, to be performed and observed, the City, shall, at the expiration of the said term, grant to the Lessee a new lease of the land for a further term of thirty (30) years, at a rental rate of One ($1.00) per annum, subject to the same covenants and agreements as are herein contained with the exception of this clause.

SUBLEASE REQUIREMENT

22. The Lessee shall not assign, alienate or otherwise dispose of, and whether in whole or in part, this lease or the lessee’s interest in the land without the consent of the City in writing. The City’s consent shall be subject to the requirements of the Land Administration Bylaw in effect at the time such consent is requested, including the payment of fees that may be set by bylaw.

CONSENT TO MORTGAGES

23. The Lessee shall not mortgage or charge, whether in whole or in part, this lease or the lessee’s interest in the land without the consent of the City in writing. The City’s consent shall be subject to the requirements of the Land Administration Bylaw in effect at the time such consent is requested, including payment of any fees that may be set by bylaw.

NON-COMPLIANCE

24. Where the City intends to terminate this lease because of non-compliance by the Lessee with any of the lessee’s obligations hereunder, the City shall first provide not less than ninety (90) days’ notice in writing of such intention to the Lessee and to each mortgagee and caveator with an interest registered against title to the land (such mortgagees and caveators being hereafter referred to as “Interested Parties”) at the address of each of the Interested Parties shown on the Land Titles Office records in respect of such interest. Such written notice shall allow the Lessee or Interested Party to remedy the default or breach within the ninety (90) day period or to commence to remedy a default or breach reasonably incapable of being completely remedied within the ninety (90) day period, in which latter event, the remedial steps shall be diligently undertaken continuously to completion.

COMPLIANCE

INITIALS______________
